*In Loving Memory of*

**Roberta Buynak**

*(March 31, 1948 - October 7, 2007)*

This memorial website was created to remember our dearest mom **Roberta Buynak** who was born in **Philipsburg** on **March 31, 1948** and passed away on **October 7, 2007**. You will live forever in our memories and hearts. We miss you everyday, mom - love you always.

### Before I Was A Mother

Before I was a mother, I never knew how much fear, and love you could feel at the same time looking at one little human being.

Before I was a mother, I never really understood what sacrifice was. I never understood complete fullness of heart. Before I was a mother, I never realized all my mom did for me because she loved me.

Before I was a mother, I never really realized how much my children would love me, and need me in their lives everyday. Losing my mom makes me understand how much they need me.

Since I lost my mom to Heaven's arms, I truly understand emptiness of heart.

Before I was a mother, though, I never could have given her the gift of seeing her grandchildren laugh and love and play

and learn. If that is the best way I could thank her for all I realize now, then I am at peace.

Before I was a mother, I had the greatest teacher, and I hope I was a good student and a good daughter. I love you and miss you so much mom.

The background is a textured, light brown or beige color. In the upper right quadrant, there are two roses. The one on the left is smaller and more tightly curled, while the one on the right is larger and more fully bloomed. The word "Gallery" is written in a white, elegant cursive font, centered horizontally and partially overlapping the roses.

*I love and miss you so much  
mom - I hope that through  
this site, I can show how  
wonderful a mom you were  
to me.*

The background is a textured, mottled brown color. In the upper right quadrant, there are two roses. The one on the left is smaller and more tightly curled, while the one on the right is larger and more fully bloomed. The roses are rendered in a light, almost white tone, making them stand out against the darker background.
